

PRESS RELEASE

NEW SENIOR DIRECTOR OF ENGINEERING APPOINTED AT GREENPOINT TECHNOLOGIES

January 14, 2008

Kirkland, WA

Bruce Kay has been appointed Senior Director of Engineering for Greenpoint Technologies, Inc. (GTI), located in Kirkland, WA.

Mr. Kay has been with GTI since 2001, and has over twenty-four years of engineering and management experience in aircraft interiors, structures, and systems. Mr. Kay states, "Our goal in the GTI Engineering department is to provide innovative, accurate engineering in a timely manner to support customer requirements. We accomplish this through ingenuity, teamwork and use of the latest tools and technology available to the aircraft industry."

For more information, please contact Christine Hadley at (425) 828-2777 ext. 7154 or by e-mail at chadley@greenpnt.com

GTI is an experienced BBJ Completion Center which provides VIP aircraft interiors for Boeing airplanes. GTI incorporates in-house capabilities of interior design, engineering, program management, and certification for aircraft interior installations and modifications. Established in 1988, GTI has a history of VIP completions for multiple heads-of-state, leading corporations, and private individuals. Driven by its nimble customer-focused culture, GTI's strategic goals incorporate quality, commitment, and craftsmanship into every completion.
