

PRESS RELEASE

GREENPOINT TECHNOLOGIES EXHIBITS AT EBACE, BOOTH #1075

March 21, 2008

Kirkland, WA

Greenpoint Technologies, Inc. will be exhibiting at booth #1075 at this year's EBACE in Geneva, announcing new customers and internal growth to accommodate a rapidly expanding industry.

GTI recently completed two (2) modification programs for a private head-of-state, both delivering on-time with one (1) aircraft delivering early. GTI also contracted two (2) BBJ3 aircraft earlier this year. Current negotiations include additional private BBJs.

Operations at headquarters in Kirkland, WA USA have expanded to accommodate increased engineering and technical facilities which include an on-site test lab that assists in expediting certification requirements. GTI's engineering and design teams are developing concepts for the B787 and B747-8 aircraft, entering new realms of design study and functionality in preparation for the upcoming deliveries.

For more information, please contact Christine Hadley at (425) 828-2777 ext. 7154 or by e-mail at chadley@greenpnt.com

GTI is an experienced BBJ Completion Center which provides VIP aircraft interiors for Boeing airplanes. GTI incorporates in-house capabilities of interior design, engineering, program management, and certification for aircraft interior installations and modifications. Established in 1988, GTI has a history of VIP completions for multiple heads-of-state, leading corporations, and private individuals. Driven by its nimble customer-focused culture, GTI's strategic goals incorporate quality, commitment, and craftsmanship into every completion.
