Greenpoint Technologies Receives AS9100 Re-Certification

Kirkland, WA – May 6, 2013 – [Greenpoint Technologies](http://www.greenpnt.com), a premier VIP completions center for [Boeing Business Jets \(BBJ\)](http://www.boeing.com), receives AS9100 Rev C Aerospace Quality Management System Re-Certification.

The AS9100 quality audit recognizes Greenpoint’s strengths of having an active, continuous improvement culture, implementing lean manufacturing initiatives, and having a robust program management function that considers every aspect of the build program. “We live the AS9100 way of life daily, it’s the foundation of how we perform to plan and deliver programs on-time,” states Scott Goodey Greenpoint President and CEO.

Greenpoint delivered its 21st Boeing completion on-time earlier this year. The company is completing a VVIP BBJ 747-8, 747-8 Aeroloft® programs and other aircraft modifications.

Greenpoint Technologies is a premier BBJ Completion Center, creating superior aircraft products and VIP completions exclusively for Boeing aircraft. Greenpoint provides turnkey VIP completions with an exemplary 99% on-time delivery rate during its 25 years of private ownership. The Greenpoint company umbrella encompasses all disciplines in-house from engineering and design to manufacturing and installation of VIP interiors; enabling manufacture of heavy structure, VIP Cabinetry, as well as custom machined parts. The company embodies a continuous improvement culture reflected in its lean operations, positive customer surveys and extremely low attrition rate. Strategic goals focus on the customer experience by incorporating quality, commitment and craftsmanship into every program. To learn more about Greenpoint Technologies, visit www.greenpnt.com.
