Greenpoint Technologies Exhibits at EBACE

Kirkland, WA – May 1, 2012 – [Greenpoint Technologies](#), a premier VIP completions center for [Boeing Business Jets \(BBJ\)](#), will be exhibiting at the European Business Aviation Convention and Exhibit (EBACE), May 14th through May 16th, at booth #839, showcasing cabinetry craftsmanship and their Boeing completion programs.

Greenpoint will display cabinetry manufactured and designed for the 747-8 Intercontinental aircraft. The company is currently modifying the first and second VIP 747-8I delivered from Boeing with the Aeroloft™. This is the first two (2) of five (5) 747-8Is being modified by Greenpoint. “Four years ago, Greenpoint set its aim on a 747-8 completion with strategic company investments and an organizational restructure,” Sloan Benson Greenpoint Executive Vice President states. “We have never had a more capable team of professionals and experts. The time we’ve spent with The Boeing Company understanding the unique aspects of the 747-8 related to our Aeroloft™ development have enabled an advantageous project launch.”

Greenpoint's 747-8 Aeroloft Berth (FWD and AFT) and Hallway

The EBACE static display will showcase one of Greenpoint's previous Boeing Business Jet (BBJ) completions. The customer representative, Dina Tkacheva of Petroff Air, described their working relationship, “The team is very passionate about their programs; they enjoy

what they are doing and make it an enjoyable experience for their Customer.” A video flythrough of this interior can be viewed here: [BBJ Concept Renderings and Delivery Photos](#)

Greenpoint Technologies is a premier completion center for Boeing Business Jets, established in 1988. Greenpoint provides turnkey VIP aircraft interiors for private individuals and heads-of-state clients. In-house talent includes interior design, engineering, program management, manufacturing, and certification for interior installations and modifications. Strategic goals focus on the customer experience by incorporating quality, commitment, and craftsmanship into every completion. To learn more about Greenpoint Technologies, visit www.greenpnt.com.
