Greenpoint Technologies Acquires Hangar Facility

Kirkland, WA – June 21, 2013 – [Greenpoint Technologies](#), a premier VIP completions center for [Boeing Business Jets \(BBJ\)](#), acquires an equity position in the new ownership of [Aviation Technical Services \(ATS\)](#), the largest and most tenured provider of maintenance repair and overhaul (MRO) services on the U.S. West Coast.

Greenpoint and ATS have worked together for over 15 years on VIP and Head-of-State programs. Acquiring an equity position in the new ownership ensures Greenpoint the hangar capacity and installation labor required to meet current and future completion needs. Jon Buccola Greenpoint Chairman and Founder will serve on the Board of Directors and states, “We are excited to grow our partnership with ATS. Greenpoint continues to make strategic investments that secure capacity to deliver customers quality, on-time completions.”

Greenpoint Technologies is a premier BBJ Completion Center, creating superior aircraft products and VIP completions exclusively for Boeing aircraft. Greenpoint provides turnkey VIP completions with an exemplary 99% on-time delivery rate during its 25 years of private ownership. The Greenpoint company umbrella encompasses all disciplines in-house from engineering and design to manufacturing and installation of VIP interiors; enabling manufacture of heavy structure, VIP Cabinetry, as well as custom machined parts. The company embodies a continuous improvement culture reflected in its lean operations, positive customer surveys and extremely low attrition rate. Strategic goals focus on the customer experience by incorporating quality, commitment and craftsmanship into every program. To learn more about Greenpoint Technologies, visit www.greenpnt.com.
