

PRESS RELEASE

GREENPOINT BUILDS ON COMMUNITY INVOLVEMENT

July 8, 2010

Kirkland, WA

Greenpoint Technologies' volunteers made a difference for a local Seattle homeowner on Spring Rebuilding Day 2010.

Keeping in line with their core values of "FIT C₃" (Fun, Integrity, Teamwork, Creativity, Customer Focus and Community Service), Greenpoint supported Spring Rebuilding Day 2010 as a sponsor of the Rebuilding Together Seattle organization. Established in 1989, Rebuilding Together Seattle is a volunteer charitable group who repair and rebuild homes at no cost to low-income homeowners, particularly those who are elderly, disabled, families with children and veterans. An energetic team of Greenpoint employees cut down trees, repaired leaks, provided new railings along with yard work and several interior repairs, they also set an all-time one-day record, finishing the project shortly after 1:00 pm in the afternoon. Greenpoint values community service, Rebuilding Together Seattle is one of the many organizations they support by reaching out to their community and supporting those in need.
