Greenpoint Exhibits 1/20th scale 787-9 at NBAA

Kirkland, Wash. – 3 October 2014 – [Greenpoint Technologies](http://www.greenpnt.com), a premier VIP completions center for [Boeing Business Jets \(BBJ\)](http://www.boeing.com), debuts a new 1/20th scale 787-9 interior model at the National Business Aviation Association (NBAA), in Orlando, Florida, October 21st through October 23rd.

Zodiac Aerospace's company Greenpoint will exhibit at booth #1671 and feature a 1/20th scale 787-9 model featuring the Azure interior. The Azure design is by the Greenpoint Design Team with lead designer, Julie Myers, an established award-winning designer. "Greenpoint's 787 Azure interior reflects the freedom of artistry, engineering and innovation. The interior's composition is a collection of materials and forms with a naturalist's passion for discovery and exploration. Inspiration comes from both land and sea with an emphasis on organic forms," states Myers.

The Azure features an open living space accentuated by the 787 architecture. It has a forward Master Suite and Private Office with two aft Mini Suites for guest accommodations. The center gathering area includes an Entertainment Lounge and formal Dining Room which surrounds an imaginative sculpture. Additional features include an aft Spa-Serenity Room for exercise and relaxation. Greenpoint's first VIP 787 inducted this year and the second arrives in 2015.

787-9 Azure Interior Rendering and Complimenting 1/20th Scale Model on Display at NBAA
