Greenpoint Technologies Promotes Team Member

Kirkland, WA – October 24, 2012 – [Greenpoint Technologies](#), a premier VIP completions center for [Boeing Business Jets](#), announces promotion of [Mark Keilholz](#) to Senior Director Information Technology (IT).

Mark Keilholz

Mark Keilholz joined Greenpoint Technologies in 2003 as an IT intern. He has held several positions across the organization ranging from IT, Program Management, and Finance. Most recently, Mark led the integration of financial management and reporting systems between Greenpoint's Denton (TX), Kirkland (WA) and Marysville (WA) facilities.

Mark's new role exemplifies the company's commitment to developing an IT infrastructure poised for growth. Greenpoint President and CEO Scott Goodey states, "This is a new position at Greenpoint. As we continue to grow and add locations it is more important than ever that our business tools and reporting systems provide the timely information required to manage our business. Mark will provide strategic direction and oversight of our information systems and infrastructure to ensure they continue being the best in the industry."

Greenpoint Technologies is a premier BBJ Completion Center, creating superior aircraft products and VIP completions exclusively for Boeing aircraft. Greenpoint provides turnkey VIP completions with an exemplary 98.9% on-time delivery rate during its 24 years of private ownership. The Greenpoint company umbrella encompasses all disciplines in-house from engineering and design to manufacturing and installation of VIP interiors; enabling manufacture of heavy structure, VIP Cabinetry, as well as custom machined parts. The company embodies a continuous improvement culture reflected in its positive customer surveys and extremely low attrition rate. Strategic goals focus on the customer experience

by incorporating quality, commitment and craftsmanship into every completion. To learn more about Greenpoint Technologies, visit www.greenpnt.com.
