Greenpoint Technologies Contracts Fifth Aeroloft®

Kirkland, WA – October 25, 2012 – [Greenpoint Technologies](#), a premier VIP completions center for [Boeing Business Jets \(BBJ\)](#), announces the fifth BBJ 747-8 [Aeroloft®](#) contract to an undisclosed customer.

The Aeroloft® expands Greenpoint's unique business model allowing interior installations to occur at multiple qualified facilities. Greenpoint managed the first set of installations at Boeing's Wichita, KS facility. Recognizing Greenpoint's flexibility, the most recent customer chose to install the Aeroloft® at their facility. The company plans to deliver the second Aeroloft® on-time this month and will deliver a third in December.

A recent Aeroloft® customer representative describes the high level of care and corporate culture the company provides, "The experience with Greenpoint was better than expected for a U.S. based company... You can feel the culture, it is really visible."

Aeroloft® Berth Detail

Greenpoint Technologies is a premier BBJ Completion Center, creating superior aircraft products and VIP completions exclusively for Boeing aircraft. Greenpoint provides turnkey VIP completions with an exemplary 98.9% on-time delivery rate during its 24 years of private ownership. The Greenpoint company umbrella encompasses all disciplines in-house from engineering and design to manufacturing and installation of VIP interiors; enabling manufacture of heavy structure, VIP Cabinetry, as well as custom machined parts. The company embodies a continuous improvement culture reflected in its positive customer surveys and extremely low attrition rate. Strategic goals focus on the customer experience by incorporating quality, commitment and craftsmanship into every completion. To learn more about Greenpoint Technologies, visit www.greenpnt.com.
