Greenpoint Opens Remodeled Hangar Facility as MEBA Kicks Off

Kirkland, Wash. – 4 December 2014 – [Greenpoint Technologies](#), a premier VIP completions center for [Boeing Business Jets \(BBJ\)](#), opens its newly renovated office space at its widebody facility in Moses Lake, WA and will exhibit at the Middle East Business Aviation (MEBA) tradeshow and convention at Dubai World Central on 8, 9 and 10 December at Booth #437.

Greenpoint unveils the new office space as the team prepares to welcome its second 787-8 completion in 2015. The four bay hangar accommodates various size aircraft such as Boeing's 777, 787, 747-8 and 737 models. "We designed a completion facility with leading technology, comfortable client offices and a spacious team workspace. Our first 787 completion is ahead of schedule which emulates the level of service our clients receive," mentions Greenpoint Chairman Jon Buccola.

Greenpoint will exhibit at the MEBA tradeshow and convention in Dubai at Booth #437 beginning the 8th of December. The company's main feature is the award-winning 787 Azure interior, displayed as a 1/20th scale model. The Azure interior highlights a forward master suite with private office, a mid-cabin conference and lounge, aft mini suites and an exercise spa zone. The interior unveiled earlier this year and has already received the 2014 International Interior Design Association's In Concept Award.
