

PRESS RELEASE

747-8 COMPLETION CONTRACT AWARDED TO GREENPOINT TECHNOLOGIES

December 8, 2011

Kirkland, WA

Greenpoint Technologies contracts VIP 747-8 completion as newest program. The LOI signed in October is now a firm contract creating a strong foundation for the program's performance.

The 747-8 completion has been in the forefront of the company's growth and business plan. "Four years ago Greenpoint set its aim on a 747-8 completion with strategic company investments and an organization restructure. We have never had a more capable team of professionals. The time we've spent with The Boeing Company working on understanding the unique qualities of the 747-8 related to our Aeroloft development enable an advantageous project launch. We are very excited about getting started on this project as we delivered our 17th BBJ early last month," declares Greenpoint's EVP and President of Denton Facilities Sloan Benson.

Please contact Christine Hadley at (425) 828-2777 ext. 7154 or by e-mail at chadley@greenpnt.com for more information.

Greenpoint is an experienced Boeing Business Jet Completion Center providing turnkey VIP aircraft interiors for Boeing airplanes. Greenpoint incorporates in-house capabilities of interior design, engineering, program management, manufacturing and certification for aircraft interior installations and modifications. Established in 1988, Greenpoint has a history of VIP completions for private individuals and heads-of-state. Driven by its nimble customer-focused culture, Greenpoint's strategic goals incorporate quality, commitment and craftsmanship into every completion. Visit www.greenpnt.com/portfolio to see the latest videos of Greenpoint's Aeroloft™ and Aerolift™ products for the Boeing 747-8 aircraft.
