### Greenpoint Technologies Extends its AS9100 Certification

Kirkland, Wash. – 03 May 2016 – [Greenpoint Technologies](http://www.greenpointtechnologies.com), a Zodiac Aerospace Company, renewed its AS9100 Certification following an audit conducted at all facilities in Washington and Texas.

This is the first year Greenpoint’s Washington and Texas sites were incorporated into one AS9100 Certification. The results were excellent across all facilities and the auditor highlighted six different strengths including manufacturing, lean processes, engineering and training activities. This achievement confirms the efficiency and quality of Greenpoint’s processes for interior completions and manufacturing.

“This is a major accomplishment for Greenpoint. Each site does a tremendous job integrating our quality Business Management Systems, and we are all very proud of this milestone,” explains Greenpoint CEO Scott Goodey.
