GREENPOINT TECHNOLOGIES DELIVERS BBJ, CONTRACTS A BBJ AND SIGNS AN LOI FOR A BBJ

May 21, 2008

Geneva, Switzerland

Greenpoint Technologies, Inc. (GTI) exhibits at this year's EBACE in Geneva, celebrating its twenty (20) years, announcing a recent delivery, and new contracts.

GTI delivered a private BBJ in early May with a contemporary, timeless interior for a confidential client.

"This completion was a full VIP interior, nose to tail, and epitomized luxury and classic design," states Sloan Benson, Executive Vice President.

GTI signed a contract for a green BBJ delivering in 2009 and signed a letter of intent (LOI) for an additional BBJ delivering in 2011.

Ms. Benson also states, "We recently delivered our fourteenth BBJ and demand for completions has never been greater. We have a significant VIP BBJ backlog and are currently negotiating several contracts for BBJs well into the future."
