GREENPOINT TECHNOLOGIES AWARDED 100 BEST COMPANIES TO WORK FOR

June 20, 2011

Kirkland, WA

Seattle Business Magazine awards Greenpoint Technologies one of Washington's 100 Best Companies to Work for in 2011.

The 100 Best Companies Award recognizes organizational fitness and employee satisfaction. "It was the results of your third-party, anonymous employee survey that put you on *the list*. There's no spin, no PR, no hiding from open-ended comments of direct employee feedback; this is the purity of Washington's Best Companies to Work for competition," certifies Michael Romoser, Associate Publisher at *Seattle Business* Magazine. The survey investigates employee benefits, career development, incentives, corporate leadership style and overall work atmosphere.

"Receiving this award is a testament to our team," Sloan Benson, Greenpoint Executive Vice President, adds "we take care of our employees and in turn, they take care of our customers. We are pleased and grateful to be recognized as one of the 100 best companies to work for in Washington."
