Greenpoint Technologies Clarifies 787-8 Statement

Kirkland, Wash. – 10 June 2016 – [Greenpoint Technologies](#), a Zodiac Aerospace Company, clarifies a statement referencing the 787-8 previously on static display at EBACE.

The Sky Blue Holdings BBJ 787-8, managed by Kestrel Aviation Management and recently on display at EBACE, is not represented by or has any connection with Cabot Aviation. A press release with Greenpoint commentary was issued by Cabot Aviation on 8 June 2016 referencing a 787-8 for sale which incorrectly showed an image of the completed Sky Blue BBJ 787 VVIP cabin. Cabot Aviation is re-marketing an entirely different 787-8 being manufactured by Boeing which is currently for sale.
