Greenpoint Technologies Delivers Third Aeroloft® On-time

Kirkland, WA – December 21, 2012 – [Greenpoint Technologies](#), a premier VIP completions center for [Boeing Business Jets](#), delivers the third 747-8 Aeroloft® on-time to a Middle Eastern customer.

The 747-8 Aeroloft® represents Greenpoint's innovation and engineering collaboration with The Boeing Company. The Aeroloft® features eight private sleeping berths in the aft, upper section of the 747-8 providing a comfortable rest area during flight. The installation and delivery at Boeing's Global Transport & Executive Systems (GTES) facility in Wichita, KS marks the third on-time delivery for the program. Additional kits deliver next year as the product continues to offer customers comfort and flexibility for this space.

“Next month we will celebrate 25 years in business; 2012 was Greenpoint's biggest year and it's only the beginning. The market continues to demand our quality, flexibility and ingenuity; we have nearly \$1B in proposal activity. The third 747-8 Aeroloft® delivery represents our strategic and deliberate response to meet customer needs.” states Greenpoint's Chairman Jon Buccola.

Greenpoint Technologies is a premier BBJ Completion Center, creating superior aircraft products and VIP completions exclusively for Boeing aircraft. Greenpoint provides turnkey VIP completions with an exemplary 98.9% on-time delivery rate during its 24 years of private ownership. The Greenpoint company umbrella encompasses all disciplines in-house from engineering and design to manufacturing and installation of VIP interiors; enabling manufacture of heavy structure, VIP Cabinetry, as well as custom machined parts. The company embodies a continuous improvement culture reflected in its positive customer surveys and extremely low attrition rate. Strategic goals focus on the customer experience by incorporating quality, commitment and craftsmanship into every completion. To learn more about Greenpoint Technologies, visit www.greenpnt.com.
