

FOR IMMEDIATE RELEASE

Greenpoint Technologies Exhibits at EBACE 2019

Bothell, Wash. – 10 May 2019 – [Greenpoint Technologies](#) exhibits at the European Business Aviation Conference and Exhibition (EBACE) in Geneva, Switzerland, 21 through 23 May, at the Safran booth #V89, showcasing Greenpoint design inspirations for the Boeing Business Jet (BBJ) 787 and 777X VIP interior concepts.

Greenpoint's 787-8 *Aniq* V-VIP interior concept is currently shortlisted for the International Yacht & Aviation Awards 2019 in the private jet design concept category. The *Aniq* interior achieves a contemporary, peaceful and spacious environment. Inspiration began with the desire to achieve luxury and residence in flight, with seamless connectivity and bespoke details that set the interior apart from traditional private business jets.

Greenpoint's Design Director, Annika Wicklund explains, "Our Design Team aimed to create a contemporary, functional interior design with luxuries expected at the highest end of private aircraft travel or those of a world class hotel. The team drew inspiration from Middle Eastern cultures and incorporated modern arabesque details. Inspired by nature's remarkable and calming beauty, florals are used throughout the interior to soften the palette and put passengers at ease. Our client appreciates the delicate floral curves juxtaposed with simplistic geometric patterns. The result is a spacious, serene and inviting interior."

Greenpoint's BBJ 787-8 *Aniq* interior design concept, "*Aniq*", means elegance in Arabic

The BBJ 777X *Lotus* interior concept achieves a contemporary, multifunctional design with luxuries expected at the highest end of private aircraft travel. Greenpoint's Design Team drew inspiration from Asian Pacific cultures, incorporating celestial and organic

elements. The result is a spacious, reflective and welcoming interior featuring a lounge, media room, library, private suite, relaxation room and luxurious master suite.

Greenpoint's award-winning BBJ 787-9 *Azure* interior design concept will be displayed in 1/20th scale (model). The *Azure* features an expansive lounge accentuated by the BBJ 787's open architecture and large windows, a formal dining/conference room, a master suite with private office, two guest suites and a spa-serenity room. The *Azure* interior received the Society of British International Design (SBID) Award in 2015 and the 17th Annual Northwest Design Exotic Retreats Award in 2017.
